

HOUGHTON VALLEY SCHOOL

SCHOOL DONATION 2012

Dear Parent/Caregiver

Each year we ask families to pay school donations to help make up the shortfall in school funding. The school's objective is to provide your children with a well rounded and rewarding education.

Examples of areas where government funding does not match the services we provide are:

- Librarian – we receive no funding for a librarian but we consider our librarian to be an essential member of our school staff. We love our library!
- Teacher aides – we receive some funding, but in order to address learning needs, we spend considerably more than we receive. Our teacher aides give children the boost they need!
- Reading Recovery – we are funded for 2 children per year in this extremely valuable reading programme, but provide places for 6 children. It's a life saver!
- Information Technology – we fund teacher release for specific teaching of computer related skills. We are living in a digital world!

You can use either of the options below when paying school donations. Families may pay the school donation annually or a payment once a term can be made if this is more convenient. Please forward donations to the office at your convenience and if you have any issue with donations please don't hesitate to contact me (in confidence). Thank you for your support. It is much appreciated.

Barry Schon, Principal

Family Name: _____

Option One		
No. of Children	Per Year	Per Term
One Child	\$160 per year	\$40 per term
Two Children	\$220 per year	\$55 per term
Family	\$260 per year	\$65 per term
